Board of Selectmen**

Minutes of July 25, 2013

The meeting convened at 9:16am

Board Members Present: Nathaniel Yohalem, Chairman
Tara B. White
Michele Shalaby

Others Present: Michael Skorput, Administrative Assistant
Jeff Collingswood, Engineer from Stantec

The Board of Selectmen met with Jeff Collingswood of Stantec Engineering to review and discuss Stantec's Engineering proposal for the Clayton Mill River Culvert.

Mr. Collingswood suggested repairing the culvert instead of rebuilding it. His engineering costs are estimated at \$32,640.00. Estimated construction costs will be approximately \$125,000.00 less than previously expected. Mr. Collingswood is confident about his recommendation on repairing the culvert instead of a replacing it.

The Board will review the information and meet with Foresight Land Services Engineer, Steve Mack one last time to discuss their last proposal. A decision will be made at the next Board of Selectmen's Meeting on July 29, 2013.

Being that there was no further business to be brought before the Board, a motion was made and seconded and so voted to adjourn at 9:40am

Respectfully submitted,

Michael Skorput
Administrative Assistant
